

# THE CONNECTION & DJ

SOUL & MOTOWN VOCAL QUARTET

BILL POLLACK MUSIC

- *Entertaining live show for your guests -*
- *Songs played the way you want -*
- *Less expensive than a band -*
- *More exciting than a DJ -*

If you can't decide between an expensive band and a DJ, we've got the perfect solution! Bands can't play your favorite songs just like the original artist - that's why we love DJ's. But DJ's are missing the energy that comes from a live show. Get the best of both worlds: dynamic vocalists who entertain your guests and an experienced DJ.

Our Motown, Soul and R&B performers "**The Connection**" hit the stage and get the party started! This exciting vocal group is Chicago's answer to The Temptations, Earth, Wind & Fire & The Dazz Band all rolled up into one package. Wearing matching outfits, "**The Connection**" will delight the crowd by singing your favorite songs and working their dance moves. The floor will be filled with your guests enjoying the fun visual of live entertainment, while dancing to the great sound of our best DJ.

"**The Connection**" performs to tracks provided by our DJ for a 20-minute show each hour. If you want, we can also supply you with musicians who will jam with both the DJ and "The Connection". Don't you want a full dance floor, the energetic performance of live entertainment and the great sound of a DJ? Of course you do!
